

# Who are we?

**motivate teams** is part of Missionary Ventures, an international missions organisation established in 1983 and now serving in around 70 countries.

Although the main focus of our NZ operation is the Asia-Pacific region, we have other bases around the world which enable us to send teams to other regions such as Africa, Latin America and Eastern Europe.

MV's Field Co-coordinators welcome team members on the field and ensure teams serve effectively and appropriately. They are full-time missionaries with many years of experience in the countries where they live, so understand the local culture and have a vision and calling from God to serve and minister there.

## What do we do?

We help you get involved in what God is doing by taking part in a short-term mission team and helping with an outreach or project - working alongside and building relationships with the local people.

## Projects

Local needs and priorities shape our projects. These include Church buildings, establishing Training Centres and Medical Facilities, assisting with Schools, Children's Homes and Orphanages, providing Clean Water, running Feeding Centres and helping to set up Micro-enterprises.

- Involve -

## Short Term motivate teams

The best way to get involved is to go!  
We specialise in short-term trips and arrange your itinerary, flights, accommodation, meals, transport, visas and travel insurance.

This way, teams can focus on the purpose of the mission, which could be a discipleship camp, evangelism, construction, medical or working with children and youth.

All teams fit into a strategic local plan to encourage and serve the indigenous believers, and we provide training to prepare you for service.

One of the biggest impacts of going will be on you as a team member!

Your relationship with God will be challenged and you will be stretched as you step out in faith and accomplish new things!

- Inspire -

## So...?

Why not get in touch and find out how you, or your church, can get involved?

Contact us by email or send the form below to:
